Team Jacob. So maybe Edward's got those dreamy vampire eyes and that glittery skin thing going on, but there's a lot to be said for Jacob as well. Besides his ripped abs and tendency toward shirtless-ness, there's the fact that dogs probably identify more with Jacob's wolfy side than Edward's vampire-tendency to attack animals and suck out all their blood. Don't worry, though, if your dog's Team Edward, they've got a shirt for that, too. purecountrypetboutique.com
